

Shadow Accord Rituals List for Players

(Note: This list is made available to all players only for OOG purposes. You may not take full knowledge of every ritual in this list as IG knowledge. You may only take into game knowledge of rituals you meet the required Lore for. This list is expected to change in the future. Players will NOT be able to refund/return any of these rituals should they be crafted or obtained in-game unless the Rules team decides to make the ritual in question no longer castable by PCs.)

Potency and Knowledge

Rarity (Common, Uncommon, and Rare) will no longer exist as a way to rank Rituals. Instead they will be rated on two scales: Potency, and Knowledge.

Potency

Potency is used as a guideline for how powerful a ritual should be. Potency maps 1:1 with the level of Ritual skill needed. This is meant as a way for someone to see the ritual and get an idea of the mechanical value of the Ritual.

If a ritual is Legendary, its power is difficult to determine. It is functionally unable to be cast by PCs. NPCs who meet all other casting requirements (including having Rituals 3) need the (Legendary) Ritual Master power to cast it.

Options: Simple, Complex, Expert, Legendary

Our intent is to make NPC-Only rituals uncopyable so that ST can always control how many are in-game.

- Simple (1): Easy to perform (brand-new PCs); casting produces simple effects
- Complex (2): Moderately difficult to perform; casting produces powerful one-time effects or simple longer-lasting effects
- Expert (3): Quite difficult to perform; casting can produce powerful long-term or permanent effects
- Legendary (NPC Only): Impossible for PCs to perform; used to create plots

Knowledge

Knowledge is meant to represent a sociological aspect for people to know how the group(s) that control access to a ritual would respond if they found out someone has learned of or acquired one of their tools. Characters might get pestered or targeted by people of *other subfactions*, whether or not they're part of a subfaction that also controls the ritual. (This is in relation to

rituals that are protected by multiple subfactions; Vampire seems most likely to have these, but Shifter may as well).

Public

Well known. This may have been a secret at one point, but it no longer is, or it is now an open secret. Not specific to any subfaction; accessible to all in the faction.

Qualities

- Well-known
- You should not be targeted by ST for having this
- **Faction Lore** lets you know the mechanics IG

Guarded

Well known but access is often controlled. Ritual is considered dangerous, important, or a hallmark of an organization. Subfactions would be disappointed if it were to get in the hands of non-subfaction.

Qualities

- Must be assigned to one or more subfactions
- Well-known but access is controlled (dangerous, powerful, important)
- Members of the subfaction(s) who control this ritual will view you with suspicion if you are not of the same subfaction
- If you have this, you may be pestered by NPCs of other subfactions who control this ritual if they find out
- **Faction Lore** lets you know it exists and take its summary IG
- **Subfaction Lore** lets you know the mechanics IG

Secret

Knowledge of said ritual is kept close to the chest of subfaction members. One should not be caught spreading information about said ritual. Those who do learn of it are expected to say nothing about it. The subfaction may take drastic and extreme action against those who spread it. If it got into the hands of a non-subfaction member, the holder should expect to be targeted.

Qualities

- Must be assigned to one or more subfactions
- Not well-known outside of subfaction (intentionally kept a secret)
- Members of the subfaction(s) who control this ritual will view you as a transgressor if you are not of the same subfaction
- If you have this, you may be targeted by NPCs of other subfactions who control this ritual if they find out

- **Subfaction Lore** lets you know it exists and take its summary IG
- **Being a member of the subfaction** lets you know the mechanics IG

Cryptic

Super secret even among subfactions. Owning a copy is seen as being "in the know". If a non-faction or subfaction member is caught with the ritual, expect them to disappear. Violently. If a PC gets these they would be intended to be a big reward for a story, a prop element, or a big prize to hide. Impossible to create without ST interaction.

Qualities

- Not well-known even within a subfaction
- If you have this, expect to be targeted
- **Only hearing about the ritual** in-game lets you know it exists
- **Only seeing the ritual** in-game lets you know the mechanics IG

Rituals 1 required

Knowledge: Public

These rituals do not have any lore requirements to acquire at check-in. Sorcerers and anyone with Mage lore can know these mechanics in game.

A Truth for a Truth

Type: Simple Public - Mystical Rite

Casting Requirements: Rituals 1 and Perception 1.

Rarity: Common

Summary: This ritual allows the caster and target to ask each other a single question which they must answer truthfully, or face the consequences.

Cost: 2 Energy

Components: bowl of water, circle prop materials.

Special: The target and ritualist must both be willing to perform this ritual, or it fails.

Instructions:

1. Draw a circle that includes the ritual symbol and your sigil with chalk or trace over a pre-drawn circle on cloth that also includes the ritual symbol and your sigil, large enough for you and the target to both sit in. Place the bowl of water between you.
 2. Perform ritual roleplay for 60 seconds, with both of you staring into the bowl.
 3. Pay the casting cost.
 4. Incant: "Veritas enim veritas."
- Or incant: "Gwirionedd am wirionedd."

Effect: You ask the target a single question. They must answer truthfully per character knowledge within 60 seconds or lose two virtue (a wraith instead gains two angst). Once the question is answered, the target can ask you a question within 60 seconds that you must answer truthfully per character knowledge or, or you lose two virtue. If both participants are willing, they may continue to ask questions in rounds without the caster paying the casting cost again until one participant does not agree to start a new round.

Cabal

Type: Simple Public - Mystical Rite

Casting Requirements: Rituals 1

Rarity: Common

Summary: allows a group of sorcerers to be inducted into a cabal and draw strength from it.

Components: Cloth, any implement to draw on the cloth

Special: all participants must be both sorcerer and willing. Participants cannot be a part of another cabal nor can they have broken away from that cabal at this event.

Instructions:

1. 60 seconds of introductory roleplay in discussion about the cabal itself, such as the purpose, the name, or its history
2. Draw the symbol on the ritual onto the cloth in the center while incanting "together we are stronger"
3. Each participant draws their own ritual sigil while stating the name on their character sheet
4. Each participant pays the cost. In unison, incant "*We are <Cabal Name>*"

Effect: Grants participants the ability to cast cabal rituals together. Additionally, when casting any Mystical Rites, multiple cabal members may participate, each performing any part of the roleplay, they may divide up the cost of the ritual, and they may combine character sheets to meet the casting requirements of a ritual. Cabal members may not use Willpower or virtue to defend against effects from the other cabal members.

Removing a member from the Cabal does not require the ritual scroll. To remove a member, at least one member needs to incant "*this bond is broken and the paths now diverge, <Target's name> now stands apart from <Cabal Name>*" in the presence of the target. This can be done to oneself. Upon removal, the target cannot regain Willpower for the remainder of the Event. Remaining cabal members must be notified of the change as soon as possible.

No powers can compel someone to invoke the breaking of the bond (e.g. Dreamshape).

Create Locus

Type: Simple Public - Mystical Rite

Casting Requirements: Rituals 1 and any Non-Fellowship Tree at 3

Rarity: Common

Summary: Creates a container that stores unused Essence for the Caster.

Cost: 1 Willpower

Components: A container or crystal at least 6 inches long.

Special: Show this ritual when checking-in to receive one Locus tag. You may only have one Locus attuned to you at a time.

At the beginning of each subsequent event, your Locus may have as much as 5 Energy stored to start, presumed to be from the previous day.

Instructions:

1. Place the prop in front of you.
2. Draw, trace or place your sigil and the symbols from this scroll on the prop.
3. Perform 60 seconds of ritual roleplay or meditation with the prop, maintaining uninterrupted connection with the focus. If it is interrupted, the casting must begin again.
4. Pay the casting cost.
5. Incant: "The Vessel Receives"
6. Write your character's name and the name any one Non-Fellowship Tree you have at level 3 on the tag.

Effect: When wielding the Locus, the caster may spend 60 seconds of meditation while in contact with it to store up to 10 Essence within. They may also meditate for 60 seconds to withdraw up to as much Essence as has been stored or until their Energy pool becomes full. They may do this as many times per day as they wish

Additional Notes: No one other than the caster named on the tag may use the Essence stored in the Locus. Furthermore, members of a Cabal may not assist with casting this ritual or make use of a Cabal members' Locus.

A Sorcerer may only have one Locus at a time. A given prop may only be attuned to one Sorcerer as a Locus. The Locus starts each game after the one it was first created with 5 Energy stored.

To change the Aspect of the Locus the Ritual must be cast

You can store an OOG note of the essence stored and removed to help keep track.

The target must be willing or the ritual fails.
